# GTHA Urban Freight Study

---

Published after one year of consultation with two stakeholder groups to identify key concerns and issues:

1. Goods Movement Industry Roundtable:

- Leading GTHA private sector industries and carriers
- Industry associations
- Marine port and airport authorities

2. Technical Working Group:

- GTHA local and regional governments
- Provincial and federal governments
- Two class 1 railways (CN and CPR)

Outcome: 5 strategic directions and 17 actions - the basis for addressing goods movement challenges in the region.

# Coordinated Data Collection & Analysis

Development of *A Plan for Urban Goods Movement Data in the GTHA* with the University of Toronto's Centre for Urban Freight Analysis.

Moving towards coordinated collection of data through a Goods Movement Data Steering Committee.

# Current Priorities

Review and update of the *GTHA Urban Freight Study*.

- Incorporate new knowledge into legislated review of the regional transportation plan, as appropriate.

Outreach to continue through 2015-2016.

Moving into Phase II – implementation of recommendations

Working closely with MTO and Regions.
