					Option 2

How many of you would have chosen the less expensive and one stop flight, over the direct flight? I know I did.

Jet planes crash most during takeoff and landing

Accidents

Malaysia Airlines
35,000 feet

Fatal Accidents
Worldwide

What choice would you have made if you are in a government Risk Management Role ?

% of the accidents occurred during the initial approach and landing

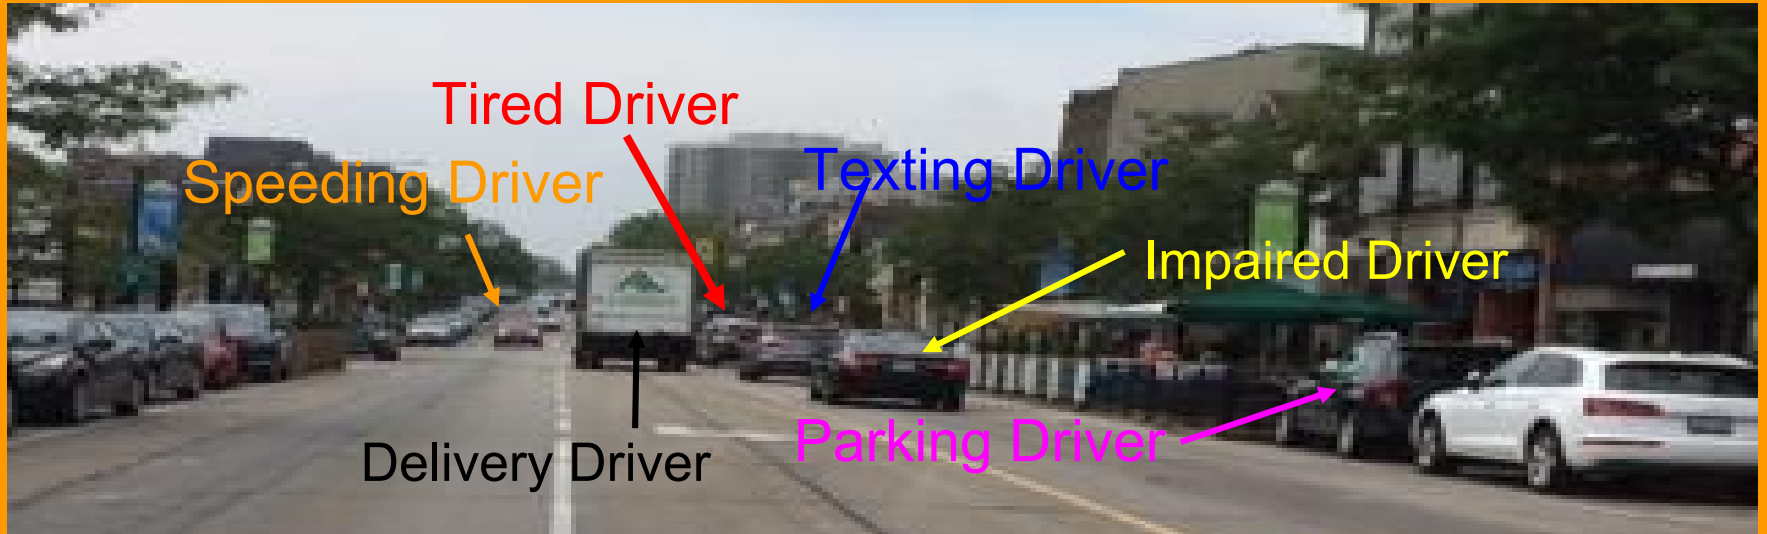

Would you have chosen differently now that you know that by adding a stop you are doubling the risk of a crash?
Every day millions of people around the world choose price over safety.

“If you build it they will come”

Can we expect people to be cautious about seating in the road if we provide the seats?

How risky is it to be exposed in the road in “normal conditions”?

- ❖ Normal Driver with vehicle malfunction.
- ❖ Out of control vehicle after collision with other vehicle.
- ❖ Evasive driver trying to avoid unexpected pedestrian.
- ❖ Driver who lost control due to medical condition.

Who should be the 'Responsible Adult' in the room?

The patio cust

Just a few weeks before the van attack in Toronto, I met with two municipality executives.

The restaurant
not held to liab

- we discussed pedestrian safety during special events.
- I presented my point of view based on my experience in the Israeli Police Counter Terrorism Committee.

The Police? -

Apparently Th

- I explained we developed setup methods, specifically for vehicle related terrorist attacks.

- **Their response was "We don't have it here in Canada".**

Toronto Van Attack Declared The Worst Mass Killing In Recent Canadian History

A 25-year-old man plowed a rental van into pedestrians on a busy sidewalk in Toronto and injuring 15

The killing rampage for twenty-five minutes over a 2.2-kilometre stretch

[Jeremy Cohn@JeremyGlobalTV](mailto:JeremyCohn@JeremyGlobalTV)

Witnesses tell me the white van appeared completely out of control.

[2:25 PM - Apr 23, 2018](#)

Notice how long the vehicle attack continued,

How it appeared to potential targets.

This is how they probably reported it to 911 .

From the perspective of counter terrorism and response units, 25 minutes and 2.2 km before disabling the vehicle, Are extremely long times and distance.

This clearly shows how vulnerable and unprepared we are here in Ontario.

Are we dealing only with “Normal” risks?

Al Qaeda's Yemeni branch encouraged its Western recruits to use trucks as weapons. A 2010 webzine article, "The Ultimate Mowing Machine," called for [deploying a pickup truck](#) as a "mowing machine, not to mow grass but mow [down the enemies](#) of Allah."

Click

In September 2014, ISIS spokesman Abu Mohammad al-Adnani called for lone wolf attacks using improvised weaponry, "If you are not able to find an IED or a bullet, then single out the disbelieving [American, Frenchman or any of their allies](#). Smash his head with a rock or slaughter him with a knife [or run him over with your car](#) or throw him down from a high place or choke him or poison him."

Can we recognize and stop the attackers?

Unlike a person with a gun, a person using a vehicle as a weapon could and usually would be mistaken for an innocent collision (at least at the very first instance) giving the attacker an opportunity to harm even more people before any attempt to stop it, and usually the public has very limited resources to deal with the situation.

December 21, 2017 Melbourne, Australia. The day after Saeed Noori hit 16 pedestrians, police found stills on his computer that were taken from the fatal car or van attacks on London's Westminster Bridge, in Barcelona and in Charlottesville in the US over previous months, Click

What can be done?

1. Do nothing
2. Abolish completely
3. Barricade the patio
4. [Detour the sidewalk](#)
